6th International Conference on Globalization: Implications for 21st Century (ICGI'19)

About the Conference :

The 6th International Conference, “**Globalization: Implications for 21st century**” (ICGI'19) ([http:// icgi19@bamu.ac.in](http://icgi19@bamu.ac.in)) will be organized by Department of Management Science, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad (MS) INDIA on **20th & 21st February 2019**.

The ICGI'19 conference is an attempt to bring Research scholars, Experts, Academicians and Corporate Delegates from different countries across the globe for their discourses and deliberations on issues pertaining to Globalization and its effects on India and the World at large. ICGI'19 will help us in enhancing, exploring and sharing of ideas contributing to the inclusive growth of Indian and Global economy.

India had opened up its economy by fostering Liberalization, Privatization and Globalization to achieve the Industrial Growth, Progress and the overall development of its economy in 1991. Likewise, other developing countries embraced the concept of Globalization. It has become imperative to ensure to what extent the actual performance of Globalization corresponds with what is desired at the time of its inception in the present International scenario where in big countries like USA, China and UK etc. are indulging in protectionism through trade wars, discouraging foreign investment and increasing digitization of the economy. There have been and will be many challenges and opportunities to combat the adverse impact of Globalization in the present context .This Conference aims to bring all the challenges and opportunities under a spotlight.

About Dr. Babasaheb Ambedkar Marathwada University :

Dr. Babasaheb Ambedkar Marathwada University formerly Marathwada University, is located in Aurangabad, Maharashtra, India. It is named after Dr. Babasaheb Ambedkar, an Indian Jurist, Political Leader, Academician and the Chief Architect of the Indian Constitution. This University was established primarily on the initiative of Dr. Babasaheb Ambedkar so as to bridge the gap of education facilities in the region. The University was established on August 23, 1958. It is one of the oldest Premier University established by Government of Maharashtra after Mumbai and

Pune University. This University has contributed to the progress of adjoining regions and people in innumerable ways. The University has around 425 colleges affiliated to it, which comes under four districts (Aurangabad, Jalna, Beed and Osmanabad) of the Maharashtra State. The student population exceeds 4.75 lakhs and more.

Aurangabad at a Glance :

Aurangabad is the Divisional headquarter of Marathwada Region. This is the place cradling rich heritage right from the ancient times. The world famous Ajanta and Ellora caves are pride of the city. Aurangabad is also well known for Aurangabad Caves, Bibi-Ka-Makbara and Panchakki. The ancient city Pratisthan (Paithan) and Nath Sagar project falls in the boundaries of Aurangabad.

The City was a major Silk and Cotton textile production center. Major Industrial areas of Aurangabad are Chikhalthana, Shendra, Waluj, Bhalgaon, Chitegaon, Railway station and Paithan M.I.D.C. A new industrial belt namely Shendra- Bidkin Industrial Park is being developed under DMIC (Delhi-Mumbai Industrial Corridor). The Maharashtra Centre for Entrepreneurship Development's (M.C.E.D.) head office is located in Aurangabad. Many renowned MNCs and Indian Corporates have established themselves in the Industrial Estates of Aurangabad.

Recently, Aurangabad has become the third city in the Maharashtra state to host a Cluster namely Marathwada Auto Cluster (MAC). Aurangabad boasts of major Auto- Ancillary units as OEMs to major automobile manufacturing industries in India and Abroad.

University Department of Management Science (UDMS) :

The **Masters in Business Administration** program at Dr. Babasaheb Ambedkar Marathwada University commenced in 1972, proliferated today in response of the demand of graduates, who decide to enhance their career potential. The **Masters in Computer Application** program started in the year 2008 to fulfill the technical prerequisites of the region. Both are rigorous programs, offered as regular curricula. The program is in sync with the professional capabilities of the industry. The MBA Program is held in high regard by the corporate world.

The department, very deservingly boasts of being one of the preferred academic destinations for foreign nationals. There has been a steady upswing of female students in graduating in Business Administration and Computer Application Courses from the department.

Themes and Tracks of the Conference :

Research Scholars, Academicians, Experts and Delegates from the Industry are invited to submit their papers to one or more of the following tracks.
